

# EMTRIX®

PLUS TEA TREE OIL

## Nail Renewal

FOR FINGERNAILS AND TOENAILS

### INSTRUCTIONS FOR USE

**CONTENT:** Emtrix® PLUS TEA TREE OIL, 10ml

**INGREDIENTS:** Propylene Glycol, Urea, Lactic Acid, Glycerin, Polysorbate 60, Aqua, Melaleuca Alternifolia (Tea Tree) Leaf Oil, Sodium Hydroxide, Disodium EDTA, Limonene, Linalool.

**DESCRIPTION:** Emtrix is now enriched with natural tea tree essential oil. Tea tree oil has been used for hundreds of years as an all-natural soothing ingredient. The tea tree oil in Emtrix is steam distilled from the leaves of the Melaleuca Alternifolia Tree. It has a distinctive and revitalizing aroma. Emtrix's patented ingredients helps reduce discoloration, normalize thickness, hydrates and exfoliates dry, brittle nails, and ensures a healthy nail growth. Emtrix improves nail appearance, providing results you can see!

**DIRECTIONS:** Apply a thin layer just once daily before bedtime directly to affected nails (fingernails or toenails) and under the edge of the nail. Allow a few minutes to dry. Use Emtrix daily, as needed. No filing needed.

If you use nail polish during treatment with Emtrix, remove any old layers of nail polish thoroughly in the evening. Apply Emtrix to affected nails before going to bed, as described above. The next day, nail polish can be applied to the treated nails. Repeat this procedure every day when using nail polish during treatment.

**CAUTION:** For external use only. Avoid contact with eyes or mucous membranes. Do not use if you are allergic to any of the ingredients. Keep out of reach of children

Transient minor irritation of the skin immediately adjacent to the nail and discoloration of the nail may occur in some cases. In addition, loosening or

separation of the nail from the underlying nail bed may occur, including detachment of the nail.

If nail should detach from nail bed discontinue use until a new nail has grown out. Take care to avoid getting excess solution on the skin of the nail bed. Prolonged or excessive use may cause significantly thinner or softer nails.

Store between 2 °C and 25 °C.

Protect from sunlight and freezing.
